**Summary:** The United States Centers for Disease Control and Prevention (CDC) in Lilongwe is seeking eligible and qualified applicants for the position of Public Health Specialist - Health Management Information.

The work schedule for this position is Full Time: 40 hours a week.

Start date: Candidate must be able to begin working within a reasonable period of time (4 weeks) of receipt of agency authorization and/or clearances/certifications or their candidacy may end.

**Supervisory Position:** No

**Duties:** The job holder is a technical advisor responsible for Health Management Information Systems (HMIS) strengthening within the context of in-country HIV/AIDS programs supported through the U.S. President's Emergency Plan for AIDS Relief

with the Ministry of Health and other HIV/AIDS partners in the development and strengthening of information technology systems and software solutions that will improve data flow from the sub-national to the national level of the host country with specific emphasis on how data is managed and organized. To carry out this

responsibility the job holder provides the USG team, Ministry of Health (MOH), and other implementing partners with technical recommendations and expertise in the design, development, improvement, maintenance and sustainability of information systems that strengthen health service effectiveness and efficiency. Both the advisory and managerial roles require HMIS technical expertise with specialization in data management and architecture, results-oriented analysis, clear communication, advocacy, and close collaboration with implementing partners and donors. Due to the highly integrated nature of HMIS in all PEPFAR programmatic decision making, the job holder represents the agency on HMIS issues at technical working group, policy and strategic planning meetings, including meetings with collaborators and donor agencies. The Job holder is supervised by the Health Information Systems Team Lead.

#### **Qualifications and Evaluations:**

**Education:** Master's degree in one of the following disciplines is required: Public Health, Epidemiology, Statistics, Health Sciences, Informatics, Information Science, Health Information Management, Computer Science; Computer Engineering, or Information Systems is required.

**Prior Work Experience:** Five years of experience in designing, developing, implementing and maintaining information management systems, with specialization in optimizing data organization and architecture, that support and evaluate health-related program activities is required. Three additional years of experience at the managerial level is required.

**Language Proficiency (level and specialization):** Level IV (fluency – speaking/reading/writing) in English is required.

**Job Knowledge:** The incumbent must possess extensive knowledge of database architecture, national health delivery information systems, health information technology and applications, especially the application of program management and the translation and use of evaluation data as it pertains to the improvement of program operations, guidelines, and policies. The incumbent is preferred to have a detailed understanding of the structure and functions of PEPFAR, including detailed knowledge of the agency's role and function in support of the President's Emergency Plan for AIDS Relief (PEPFAR). Job holder is preferred to have a detailed knowledge of HIV/AIDS, STD or TB prevention activities and must have extensive understanding of the host government health care system and structures including familiarity with Ministry of Health policies, program priorities and regulations. Good working knowledge of team management techniques to plan, organize and direct multi-disciplinary project teams and activities is required.

information systems, health ICT program design, management and implementation approaches, and optimal system and data architecture is required. This includes application of public health informatics techniques and use of ICTs and methods for data collection, storage, analysis, use, and reporting. Ability to design or modify complex database structures and sophisticated computer applications to meet data

collection requirements is required. Strong oral communications skills are required to develop and maintain effective, sustainable working relationships with ministry, national and international working partners. Good drafting skills are required to provide regular progress reports on various HMIS activities. Good leadership skills are required to operate independently with limited direct supervision of day-to-day activities and to lead results-driven project teams and workgroups. Good facilitation and mentoring skills are required for leading seminars and training workshops. The incumbent will be expected to exercise tact and diplomacy in applying PEPFAR guidelines to unique and different public health settings, as the programs are highly complex and can be threatening to stakeholders. Highly developed persuasive skills, ingenuity and innovation are required. Keyboarding skills that include both speed and accuracy are required. Intermediate user level of word processing, spreadsheets (advanced functions) and databases is required. A highly developed facility for manipulating numbers is required.

**Note:** All applicants under consideration will be required to pass medical and security certifications.

**EQUAL EMPLOYMENT OPPORTUNITY (EEO):** The U.S. Mission, Lilongwe, provides equal opportunity and fair and equitable treatment in employment to all people without regard to race, color, religion, sex, national origin, age, disability, political affiliation, marital status, or sexual orientation.

**Other information:**

**HIRING PREFERENCE SELECTION PROCESS:** Applicants in the following hiring preference categories are extended a hiring preference in the order listed below. Therefore, it is essential that these applicants accurately describe their status on the application. Failure to do so may result in a determination that the applicant is not eligible for a hiring preference.

**HIRING PREFERENCE ORDER:**

- (1) AEFM / USEFM who is a preference-eligible U.S. Veteran\*
- (2) AEFM / USEFM
- (3) FS on LWOP and CS with reemployment rights \*\*

\* **IMPORTANT:** Applicants who claim status as a preference-eligible U.S. Veteran must submit a copy of their most recent DD-214 ("Certificate of Release or Discharge from Active Duty"), equivalent documentation, or certification. A "certification" is any written document from the armed forces that certifies the service member is expected to be discharged or released from active duty service in the armed forces under honorable

certification letter should be on letterhead of the appropriate military branch of the service and contain (1) the military service dates including the expected discharge or release date; and (2) the character of service. Acceptable documentation must be submitted in order for the preference to be given.

\*\* This level of preference applies to all Foreign Service employees on LWOP and CS with re-employment rights back to their agency or bureau.

For more information (i.e., what is an EFM, USEFM, AEFM, MOH, etc?) and for additional employment considerations, please visit the following link:

<https://careers.state.gov/wp-content/uploads/2018/04/VA-Definitions-and-Additional-Employment-Considerations.pdf>

### **How to Apply:**

Applications must be submitted through the Electronic Recruitment Application (ERA) available on this link; <https://erajobs.state.gov/dos-era/mwi/vacancysearch/searchVacancies.hms>

Interested applicants are supposed to contact HR Office for any assistance on how to submit the application on ERA.

We recommend that you use google chrome when accessing this Vacancy Announcement.

**Required Documents:** Please upload the required documentation listed below in the ERA:

- Copy of Master's degree in one of the following discipline: Public Health, Epidemiology, Statistics, Health Sciences, Informatics, Information Science, Health Information Management, Computer Science; Computer Engineering, or Information Systems.
- Residency and/or Work Permit (for non-Malawians) and National Identity Card for Malawians (if available).
- Updated resume with list of three reference

**What to Expect Next:** Only short-listed applicants will be contacted via email or phone.

The complete position description listing all of the duties, responsibilities, required qualifications, etc. has been uploaded on the ERA.

Thank you for your application and your interest in working at the U.S. Mission in Malawi.

Cleared: AMO: SBDargus
